

Athletics Officials Courses

ROAD TRAFFIC MANAGEMENT

Who should go on this course?

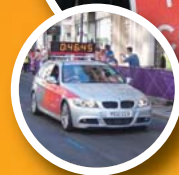

This course is for anyone considering undertaking the role of Traffic Management Operative (TMO) and to understand how to deal with road closures and diversions. You must be trained to do this to be covered by insurance and to satisfy local authorities that events will be managed properly. It is suitable for all Event Organisers and Event Marshals, both in the commercial and voluntary sectors, and particularly those involved with road races.

What is involved?

This is a one day course (normally 9am-4pm) that will equip you with the knowledge to safely manage traffic movements at events. You will gain a national award through the NCFE (www.ncfe.org.uk) and each delegate will receive a certificate on completion. In addition, UK Athletics' insurers have underwritten the training. The qualification lasts three years – to remain qualified after this you will need to attend a half day Refresher Course.

What is the cost?

The course costs £70 for applicants who are affiliated to England Athletics, otherwise £140. Refresher Courses cost £40 for affiliates, otherwise £80.

ROAD TRAFFIC MANAGEMENT COURSES *to be confirmed

Sat 26 April 2014	Code: STM0009	Surrey Sports Park, Guildford, GU2 7AD
