OFFICIALS

- Participating clubs must provide Team Managers and Officials at each event. Each club should provide at least one timekeeper and one track judge. Each participating club will be allocated a field event and should provide a team of sufficiently qualified people to run the event (minimum one Level 2). See rota on page 4. Any problems must be notified before the event and not on the day.

FORMAT

- Two competitors from each athletic club will be eligible to score in each individual event and one team from each athletic club will be eligible to score in a relay.
- Track events will be run in one or more races (heats) dependent on the number of competitors. The allocation of points towards the team score will be as follows: in the case of there being only one race, the points are based on the order returned by the track judges; where there is more than one heat, the points are based on performances (regardless of the finishing position in the heat), i.e. a time-trial, with points shared in the event of scoring athletes recording the same time.
- The allocation of points towards the team score in field events will be based on the best performance of each athlete as reported back by the field judges. UKA Rules 121 (7), 126 (2, 3), 130 (2, 3).
- Under 11 girls and boys may only compete in **two events plus a relay**. They cannot take part in any other events, even as a non-scorer.
- Under 13 and Under 15 girls and boys may only compete in **three events plus a relay**. They cannot take part in any other events, even as a non-scorer.
- Non-scoring 50m races will be held for the under 9s. They may not score or guest in any other event.
- **Any competitor competing in more than the allowed number of events will automatically be classed as a non-scorer in all the events in which they may have participated.**
- Competitors must wear clearly visible identification numbers (see below).
- All competitors will be allowed three trials in field events, with the exception of high jump.
- There is no limit to the number of competitors that can be declared by a club.
- Clubs are to allocate a permanent number to each athlete which should be retained throughout the season. All athletes are potential scorers in all events with the best two to score. Additional number ranges will be allocated if necessary. Clubs must purchase their own stock of numbers.

AWARDS

- Where an existing League record has been bettered during the course of the 2015 season (provided it is still in place by the end of match 4) the athlete will be awarded a 'Record Breakers' medal. Medals will not be awarded for equalling an existing record, bettering one's own existing record or in those events where the competition season sees the introduction of a new discipline or where national guidelines change implement specifications.
- An annual trophy will be awarded to the best overall team of the season at the completion of the final competition. This trophy will be retained until the final event of the following season. It is each Team Manager's responsibility to return trophies when required.
- **New for 2015.** A Mini League 'Plate' competition will be started this season. This is intended to give the county's smaller clubs their own 'league within a league'. Any club with a junior section that is not wholly based at a competition or training standard track is eligible.

INFORMATION FOR TEAM MANAGERS

- Team managers are responsible for making sure that their members report to their event when called. Please ensure that your athletes are well behaved and set a good example.
- Event running orders should be provided to parents by their own club.
- Athletes will pay £3 per competition (£4 per guest athlete) (To be collected by Team managers). Clubs will be invoiced for the total amount after the final fixture of the season.
- It is each team manager's responsibility to ensure that each athlete is wearing their allocated competitor number and to ensure numbers are available at each fixture. Athletes should be told to keep their competitors numbers in good condition and to bring with them each fixture wherever possible. Organisers will not supply spare or replacement numbers.
- Team managers must submit a declaration sheet to the results team before the start of each fixture showing allocated numbers to each athlete. Additional athletes, i.e. newly allocated numbers, should be high-lighted to assist the results team. It is not necessary to declare names and events as the top 2 performances per club will be automatically calculated. Undeclared competitors who take part in an event will not be eligible to earn team points.
- It is each team manager's responsibility to ensure that competitors who are called away from field events to track races return immediately for their outstanding trials, provided the competition is still in progress.
- U17s can guest but clubs should restrict numbers. Including large numbers of U17s will have time implications for the whole programme. **U17s must be clearly indicated on the declaration form.**
- Results, running orders and other information will be available on the Derbyshire website derbyshireathletics.org.uk

DERBYSHIRE MINI LEAGUE

TRACK & FIELD ATHLETICS

Please note that discus and javelin WILL NOT take place unless there is at least one qualified official to Level 2b present on that event. All Field Officials have to have attended an H&S course to operate within the throwing sectors (including the shot).

Clubs should come prepared to officiate on the field events above. Spare or additional officials / volunteers may be used on other disciplines.

Field officials should note that whilst the Mini League format is quite informal by nature, we cannot allow field events to be held over indefinitely whilst waiting for athletes to return from other events (and certainly never lowering the HJ bar for those returning). If in doubt please ask the Field Referee or myself for clarification.
